Topic- We Are Chefs

19th January 2018

This Week...

This week we have drawn soup cans from observation, using the famous Andy Warhol 'Soup Can' image as inspiration. Well done to all the children who found out some amazing facts about this famous Pop Artist! We have also been looking at a range of plants that are also food and thinking about which part of the plant we eat (root, stem, leaf, seed, bulb etc). We were really impressed by the children's knowledge of different fruits and vegetables! In Dance we have started to compose our 'Pizza' Dance. We began by listening to a piece of music and considering the range of movements that we used to make our pizza. Children then performed these in an exaggerated and creative way!

Homework:

When you are shopping this weekend perhaps you could look out for some interesting or unusual fruits and send them into school next week. Alternatively, a fruit that you think that your child really likes to eat. It would be really helpful if you could attach the name of the fruit and its country of origin so that we can locate where it is grown on the World Map and look at how far it has travelled to arrive in our shops. We will also be looking inside the fruits, looking for seeds, pips and stones...!
We will also continue to explore Kitchens from the past in History so please continue to look for images or find out some similarities or differences between the equipment and utensils used then and now. If you happen to have some interesting artefacts from the past we would love to see them!

Next Week:

In Art we will continue to explore images by Andy Warhol and will be producing more images using a range of different media. We will continue to explore the theme of 'Keeping and Staying Healthy' in PSHE, thinking about what constitutes a healthy lifestyle.
We will also be exploring a range of fruits, finding out where they come from, how they grow and finally we will be tasting and sampling a range of less popular fruits. We will then be designing, making and tasting our own fruit salad based on our favourite fruits. As part of our risk assessment we would be grateful if you could complete the form below and return to school on Monday so that your child can taste the different fruits.

Please complete and return to school on Monday 22nd January

Child Name: _____ Class: _____

I am happy for my child to take part in tasting of different fruits.

Signed: _____

My child has a food allergy: Yes/ No (Please delete as appropriate)

IF YES PLEASE SPECIFY: _____

Signed: _____

Date: _____
