The Beatles

The Beatles, or the Fab Four, were one of the most famous bands in the history of pop music. They were formed in 1960. They were all from Liverpool.
My Grandad loves The Beatles music.
An interesting fact about them is that none of them could read music, but they still played very well together.

Atomic Kitten

Atomic Kitten were a girl band formed in Liverpool in 1998. They sang pop music.
My mummy loved pop music.
An interesting fact about them is they were previously called The Honeyheads.

Nicola Roberts

Nicola Roberts is a singer from Liverpool. She was in a band called Girls Aloud, but that was before I was born so I don't remember them. She was Queen Bee in the Masked Singer on Television last year. I loved her in that and she won. She is a star.
An interesting fact about her is that when she was in Girls Aloud they were in the Guinness Book of records for most successful reality television show band.

Liverpool has a long tradition of music, pop and classical. After The Beatles, rock music and pop music became more popular. Liverpool is still known for having lots of very talented Musicians and Bands.

The Cavern Club in Liverpool
The Beatles used to play here.
Bands still play there now.

My favourite singers are Katy Perry and Little Mix, but they are not from Liverpool
