

Reception Online Learning Tasks 6.1.2021

<p style="text-align: center;">Mathematics</p> <p>This week we will be recapping skills learnt during the Autumn Term. Lessons have been recorded and are available on Microsoft Teams.</p> <ol style="list-style-type: none"> 1. Missing numbers on a number line. 2. Comparing two groups using the language of greater than/less than/same as. 3. Doubles and halves. <p>Please have pencil and paper ready along with 10 small objects to count.</p>	<p>Here are some home learning tasks to support you and your child whilst they are learning at home. These tasks are in line with learning that is/would have been taking place in school.</p> <p>It is important for your child to complete as many of the learning activities as possible as well as phonics, maths and english daily. We appreciate parents are working from home and activities highlighted in yellow have been recorded by a member of the Reception Team. This is to enable you and your child to engage in our remote learning at a convenient time.</p> <p>Please adapt and support your child as much or little as you feel they need.</p> <p>Work can be completed on paper or practically. Don't feel you need to print out sheets from the website – these can just be used as ideas and starters for your discussion and as ways to record.</p>	<p style="text-align: center;">Literacy</p> <p>Write your holiday news. Can you use your phonic knowledge to tell your teacher about some of the exciting things that happened over the holidays? For example, I went to the park. I had lots of fun. I got a pen and pad.</p> <p>Remember to use capital letters and full stops.</p> <p style="text-align: center;">Phonics</p> <p style="text-align: center;">Phase 2 blending and segmenting.</p> <p>A daily session is available. Please have pencil and paper ready to complete the session.</p>
<p style="text-align: center;">PSED</p> <p>Talk to your child about New Year's Resolutions and why we make them. Perhaps you can think of your own resolutions such as going for a walk each day to keep active, keeping your room tidy or learn a new skill!</p>	<p>Please send work via your child's individual Microsoft Teams account and upload into their Homework folder.</p> <p style="text-align: center;">This is the email used to log on for Parents Evening.</p> 	<p style="text-align: center;">Storytime</p> <p style="text-align: center;">We will be delivering a live storytime each day at 3pm. Please join us as it is an opportunity for your child to engage with friends and their class teacher. This will be recorded. Please turn cameras off if you do not want to be filmed.</p>
<p style="text-align: center;">Fine Motor Skills</p> <p>Have a go at some of these activities to develop fine motor skills. Maybe you could paint the pasta first and create patterns in your work!</p> 	<p style="text-align: center;">Gross Motor Skills</p> <p>Take time to complete a mindfulness activity using www.cosmickids.com. It is important to try and relax and take care of ourselves during these times!</p> 	<p style="text-align: center;">Creative Arts and Design</p> <p>Go for a walk in your local area or garden. Discuss with your child how we are now in a different season – Winter. Look and compare changes to the trees, plants and ground in comparison to our Autumn walk. Perhaps you could look at photographs from Autumn and talk about the changes we see in Winter. How has the weather changed? Is it warmer or colder? Would we get snow and ice in the Summer? Why not? Can you use shaving foam, flour or salt to make snowflake patterns? You could use a cotton bud, paintbrush, pencil or your finger tip to make the patterns.</p>
