

Mathematics

Maths lessons will be recorded daily with follow up activities in 'Assignments' on Teams.

Please have paper and pencil ready along with 10 objects.

This week we will be looking at different ways to make 8 and 9.

You will find suggested activities at the end of the session Powerpoint along with some optional challenge questions which support problem solving and mastery.

Remember to upload your work to Microsoft Teams via the evidence button.

PSHE

Please click on the link below to watch a mindfulness video from our PSHE curriculum.

We are Sea Explorers

Subject	Directed Teaching	Independent Tasks
Phonics	20 mins video lesson	20 mins writing/reading task
English	10 mins video lesson	20 mins writing task
Maths	15 mins video lesson	15/20 mins task
PE		15 mins task plus 15 mins Cosmic Yoga/joe Wicks
EYFS Curriculum Areas		60 min tasks

Suggested remote learning daily timetable

Please continue to submit work via Microsoft Teams. We are really impressed with what we have received so far and a big thank you for your continued support. You are all doing a great job!

Literacy

We will begin our new book 'Under The Sea' Lessons can be found in 'Assignments'.

Phonics

Phonics lessons will continue to be recorded daily in line with your child's current phonic knowledge.

Storytime

We are enjoying our daily Storytime sessions and seeing our friends. If you have not managed to join us yet, please do so as it is an opportunity for your child to engage with friends and their class teacher.

Class 1 – 2.50pm

Class 2 – 3.00pm

Class 3 – 3.10pm

Fine Motor Skills

Why not have some fun with noodles (or spaghetti) this week. Cook it up and place on a tray or plate. How much can your child get into a bowl using different utensils- maybe chopsticks, a spoon or fork. Have a timed race and see who can get the most in the bowl. You might also want to practice your cutting skills and see how many little pieces you can chop it up into.

This is great fun and an easy way to help develop your child's fine motor skills which is great for their pencil grip and handwriting.

Don't forget to eat some of the noodles first though – delicious!!

Understanding the World

Friday 12th February is the start of the Chinese New Year.

Watching the following clip will help your child understand a little bit more about the tradition, what happens and how it came about. It is told through the eyes of some children taking part in the festivities.

<https://www.bbc.co.uk/cbeebies/watch/chinese-new-year>

Can you find which of the animals is the symbol for this year? What makes them great?

Creative Arts and Design Lesson 1

There are lots of different symbols associated with Chinese New Year and one of them is the dragon. People will dance around the streets dressed as a dragon. The Cbeebies cartoon 'The Go Jetters' also has an episode based on The Chinese New Year Dragon Dance. Why not take a look and see if you can create your own dance.

<https://www.bbc.co.uk/iplayer/episode/m000dw9c/go-jetters-series-3-25-chinese-new-year-dragon-dance-drama>

Or maybe even make a puppet using folded paper and lolly sticks.

Creative Arts and Design Lesson 2

As the children have been learning all about life under the sea, why not use your old cardboard boxes to make an underwater scene. You can paint it, add shells and rocks and hang lots of different sea creatures that they have created inside.

What would you put inside?
