

What's New In Year 2

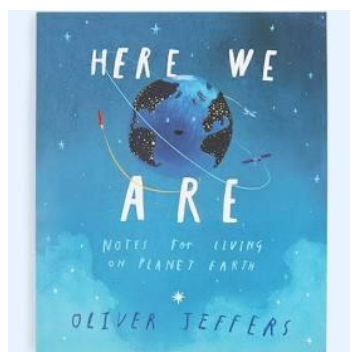

Week Beginning- Monday 6th September.

All the details from this week-

A great and exciting week in Year 2 this week! Using the book 'We Are Here', the children have written a fantastic leaflet containing lots of interesting information for any visiting aliens! This week we began our Maths lessons and have been working hard on recapping number recognition up to 100, and counting forwards and backwards in 1s, 2s and 10s. Crossing the tens backwards is really tricky, for example 42, 41, 40, 39 the children really need this skill at their fingertips so if you could help at home we would be really grateful. We have also been recalling all our number bonds for all numbers to 10 (e.g. ways to make 8 = 1+7, 2+6, 3+5, 4+4) and that you can 'switch' them (e.g. 1+7 and 7+1).

Children's Birthdays

Just a reminder that children are welcome to attend school wearing their own clothes when it is their birthday to mark their special day. They can bring in sweets individually wrapped (e.g. haribo, lollipops etc) to share with their class if they would like to as a special treat but no cake(s) please.

Notes for Class teachers

Another consequence of the current situation is that we kindly ask that any information you wish to share with your child's class teacher is done through the class email. These emails are regularly checked and teachers will reply as soon as possible. Alternatively, if email is unavailable, please contact the school office who will pass on any messages to the class teacher.

Spellings

Children will have been given their first set of spellings today. These spellings should be practised daily for a spelling quiz the following Thursday. A good method to help learn spellings is to **look** (at the word), **say** (the word), **cover** (the word), **write** (the word), **check** (their spelling).

Welcome to Year 2

We have arranged two virtual sessions (see below for dates and times) to provide information and some guidance about the curriculum, the expectations and your child's planned experiences, in Year 2. The Year 2 teachers (Miss Oldham, Mr Robinson, Mrs Byrne and Mrs Whitmore) will be delivering both sessions. Further details and links will be available on the school app.

Thursday 16th September 2021 5.30pm – 6.15pm
Tuesday 21st September 2021 5.30pm – 6.15pm

Bug Club

Phonics/reading groups are now up and running! Books and phonics games will be allocated weekly for all those children on the phonics programme. These books contain all of the graphemes taught that week in class, so please prioritise reading these books over the one they bring home in their reading bag. Log in details are in the front of your child's reading diary. Any issues with logging in or accessing the books, please email your child's class teacher using the above email addresses.
